Hi Kelly,

At the Coeur mine, Jay Gear, VP of Environment, and Rob Stepper, Mine Manager, will greet the Governor and the Administrator.

At the Anaconda event, John Minge and Robert Genovese will greet us. I can ask Jeff Page to be there too if you'd like.

The signing will be just the deferral agreement between EPA and NDEP. That's the essential agreement. ARC, NDEP and EPA will have signed separate agreements before our event.

John Minge and Robert Genovese may stand behind Gov and Pruitt for the signing.

Pam
