

MEMORANDUM

To: Docket EPA-HQ-OAR-2017-0483

From: Lisa Thompson, EPA

Date: May 10, 2018

Subject: Summary of the March 7, 2018, Meeting with API and the U.S. Environmental Protection Agency

EPA staff (OAQPS, OAP) met with representatives from API on March 7, 2018, to discuss API's petition for reconsideration of the June 3, 2016, oil and natural gas sector NSPS (40 CFR part 60 subpart OOOOa).

Topics included:

- Fugitives monitoring frequency
- Third party equipment at well sites
- Applicability of fugitives requirements
- Alaska North Slope
- Modification at well sites and compressor stations
- Cold climate waivers
- Low production wells
- Professional engineering certification
- Closed vent system inspections
- Well completions
- Reporting and recordkeeping requirements
