Subject: Follow Up on General Mills Meeting

Albert and Nick,

Thank you for taking the time to meet with the General Mills team today. We very much appreciated your time and your offer to look into the former General Mills site in Minneapolis. We gave you a hard copy of several reports on this matter, but wanted to supply you with electronic attachments as well. Attached you will find:

1.   Letter of General Mills to MPCA, regarding the General Mills/Henkel Superfund Site, dated march 15, 2017;

2.   Supplemental Report on VOC Sources and Remediation at the General Mills/Henkel Superfund Site, dated March 15, 2017 (prepared by Mike Kavanaugh at Geoyntec); and

3.   Evaluation of Remedy Completeness at the General Mills/Henkel Superfund Site, dated March 14, 2017 (prepared by Tom McHugh of GSI).

Additionally, if need be we would be more than willing to have our technical experts meet with your technical experts to go over the analysis at a date of your convenience. Please let us know if this is something you would be interested in. Thanks again.

Regards,

Darrin R. Munoz
Director
