Thanks, much appreciated. Looping R2 in as well....

Really want to establish contact with ArCLight and seek alignment on perceptions of what is needed from us (and others). Does anyone have contacts within ArCLight specific to this project?

Thanks, Rob

As mentioned, I am beginning to aggregate the sizable amount of materials LeAnn has sent to David and I over the past year. It may take a few days to compile, but I will have everything ready for you asap. Anything else please don't hesitate to ask.

Best,  
Alex
