I've tried to make this a bit easier to understand. Is everyone good with the below? If so, I'll follow up with DOI and provided the updated for clearance. I expect a quick turn-a-round at this point. Though they may want to triple check us since what went up wasn't fully accurate....

Updated Proposed written response: On November 14, 2020, Bruce Springsteen was arrested in Gateway National Recreation Area and received citations; DWI [36 CFR 4.23 (a) (1)], reckless driving [36 CFR 4.2 (b)], and consuming alcohol in a closed area [36 CFR 2.35 (a) (3) (iii)]. Springsteen was cooperative throughout the process.

Thanks, John.

Can folks please populate this accordingly with accurate info?

There were three charges, not one as I said to some folks earlier: DUI, reckless driving and alcoholic beverage in a closed area.

Be safe.

Thanks, Brenda. Please see some revisions here with gaps to fill in. Since this will likely get picked up more widely and by people who are not familiar with the park, I've slightly tweaked the language describing the location. Once we have a proposed final, I'll send this to both the solicitors and DOI Comms for review and concurrence. It may be Monday before you are able to respond to reporter questions. I think there were multiple charges, correct? We should also be prepared for follow up questions on the penalty.

Do you have a copy of the IMARS report?

All,

Daphne was contacted by TMZ by phone and email. Their msg was, "we were told park rangers arrested Bruce Springsteen in Oct or Nov for DWI."

John and I did create a statement but I'm not sure if it has been approved. Please advise on how best to proceed.

Thanks,

Brenda
