Thanks again.

I just called Chris. When I asked if we should require people to go through FOIA to get the video records, his answer was, "Of course!"

They won't be able to use the Privacy Act (DOI-10) because the Celebrity would need to sign an approval for that, which he certainly would not do. So you need not worry at all about the footage except, if asked, to refer them to FOIAonline and tell them that we are in the US Department of the Interior. The rest goes through FOIA, which means me.

Be safe.
