Jen, Minka, Jen,  
Please see a portion of the police report which was sent to TMZ. It looks like someone went into a police report/law system and took a photo. I'm not exactly sure where the document would come from because it doesn't look like part of the incident report from our LE. It may very well come from federal court.

Jenny said she will ask WASO LE to investigate this matter. I told Jenny I would let you be aware of this.

Thanks, Brenda
