Wow! This is going to be one to remember. Thanks for the hard work you have both been putting in on this. It's not only a high volume of inquiries to deal with, but I know some of these have been overly persistent and crossed normal boundaries (not to mention some of the challenges just working within NPS). You have been doing great.

Just for perspective, Daphne and I worked with at least 50 media outlets, with some like NY Daily News, Fox News, sending 3-4 reporters our way. We're keeping a list. It continues to grow. Also, calls from the UK as well.

Thank you for letting me know, and for answering the request the way you did. This has been some media flurry.

**Subject:** request from NY Times for interview

Jen,

The New York Times asked if they could interview you re: Springsteen. I've told Region and WASO that we are not answering any specific questions or requests, other than giving out the approved statement and the link to FOIA Online.

I just want you to be aware that this request came in.

Thanks, Brenda
