Subtitle A--Trust, Conservation, and Jobs

CHAPTER 1--CREATION AND TERMS OF O&C TRUST

SEC. 311. CREATION OF O&C TRUST AND DESIGNATION OF O&C TRUST LANDS.

(a) Creation- The Oregon and California Railroad Grant Lands Trust is established effective on October 1 of the first fiscal year beginning after the appointment of the Board of Trustees. As management authority over the surface of estate of the O&C Trust lands is transferred to the O&C Trust during the transition period pursuant to section 331, the transferred lands shall be held in trust for the benefit of the O&C Trust counties.

(b) Trust Purpose- The purpose of the O&C Trust is to produce annual maximum sustained revenues in perpetuity for O&C Trust counties by managing the timber resources on O&C Trust lands on a sustained-yield basis subject to the management requirements of section 314.

(c) Designation of O&C Trust Lands-

(1) LANDS INCLUDED- Except as provided in paragraph (2), the O&C Trust lands shall include all of the lands containing the stands of timber described in subsection (d) that are located, as of January 1, 2013, on Oregon and California Railroad Grant lands and O&C Region Public Domain lands.

(2) LANDS EXCLUDED- O&C Trust lands shall not include any of the following Oregon and California Railroad Grant lands and O&C Region Public Domain lands (even if the lands are otherwise described in subsection (d)):

(A) Federal lands within the National Landscape Conservation System as of January 1, 2013.

(B) Federal lands designated as Areas of Critical Environmental Concern as of January 1, 2013.

(C) Federal lands that were in the National Wilderness Preservation System as of January 1, 2013.

(D) Federal lands included in the National Wild and Scenic Rivers System of January 1, 2013.

(E) Federal lands within the boundaries of a national monument, park, or other developed recreation area as of January 1, 2013.

(F) Oregon treasures addressed in subtitle C, any portion of which, as of January 1, 2013, consists of Oregon and California Railroad Grant lands or O&C Region Public Domain lands.

(G) Tribal lands addressed in subtitle D.

(d) Covered Stands of Timber-

(1) DESCRIPTION- The O&C Trust lands consist of stands of timber that have previously been managed for timber production or that have been materially altered by natural disturbances since 1886. Most of these stands of timber are 80 years old or less, and all of such stands can be classified as having a predominant stand age of 125 years or less.

(2) DELINEATION OF BOUNDARIES BY BUREAU OF LAND MANAGEMENT- The Oregon and California Railroad Grant lands and O&C Region Public Domain lands that, immediately before transfer to the O&C Trust, were managed by the Bureau of Land Management are timber stands that have predominant birth date attributes of 1886 or later, with boundaries that are defined by polygon spatial data layer in and electronic data compilation filed by the Bureau of Land Management pursuant to paragraph (4). Except as provided in paragraph

(5), the boundaries of all timber stands constituting the O&C Trust lands are finally and conclusively determined for all purposes by coordinates in or derived by reference to the polygon spatial data layer prepared by the Bureau of Land Management and filed pursuant to paragraph (4), notwithstanding anomalies that might later be discovered on the ground. The boundary coordinates are locatable on the ground by use of global positioning system signals. In cases where the location of the stand boundary is disputed or is inconsistent with paragraph (1), the location of boundary coordinates on the ground shall be, except as otherwise provided in paragraph (5), finally and conclusively determined for all purposes by the direct or indirect use of global positioning system equipment with accuracy specification of one meter or less.

(3) DELINEATION OF BOUNDARIES BY FOREST SERVICE- The O&C Trust lands that, immediately before transfer to the O&C Trust, were managed by the Forest Service are timber stands that can be classified as having predominant stand ages of 125 years old or less. Within 30 days after the date of the enactment of this Act, the Secretary of Agriculture shall commence identification of the boundaries of such stands, and the boundaries of all such stands shall be identified and made available to the Board of Trustees not later than 180 days following the creation of the O&C Trust pursuant to subsection (a). In identifying the stand boundaries, the Secretary may use geographic information system data, satellite imagery, cadastral survey coordinates, or any other means available within the time allowed. The boundaries shall be provided to the Board of Trustees within the time allowed in the form of a spatial data layer from which coordinates can be derived that are locatable on the ground by use of global positioning system signals. Except as provided in paragraph (5), the boundaries of all timber stands constituting the O&C Trust lands are finally and conclusively determined for all purposes by coordinates in or derived by reference to the data provided by the Secretary within the time provided by this paragraph, notwithstanding anomalies that might later be discovered on the ground. In cases where the location of the stand boundary is disputed or inconsistent with paragraph (1), the location of boundary coordinates on the ground shall be, except as otherwise provided in paragraph (5), finally and conclusively determined for all purposes by the boundary coordinates provided by the Secretary as they are located on the ground by the direct or indirect use of global positioning system equipment with accuracy specifications of one meter or less. All actions taken by the Secretary under this paragraph shall be deemed to not involve Federal agency action or Federal discretionary involvement or control.

(4) DATA AND MAPS- Copies of the data containing boundary coordinates for the stands included in the O&C Trust lands, or from which such coordinates are derived, and maps generally depicting the stand locations shall be filed with the Committee on Energy and Natural Resources of the Senate, the Committee on Natural Resources of the House of Representatives, and the office of the Secretary concerned. The maps and data shall be filed-

(A) not later than 90 days after the date of the enactment of this Act, in the case of the lands identified pursuant to paragraph (2); and

(B) not later than 180 days following the creation of the O&C Trust pursuant to subsection (a), in the case of lands identified pursuant to paragraph (3).

(5) ADJUSTMENT AUTHORITY AND LIMITATIONS-

(A) NO IMPACT ON DETERMINING TITLE OR PROPERTY OWNERSHIP BOUNDARIES- Stand boundaries identified under paragraph (2) or (3) shall not be relied upon for purposes of determining title or property ownership boundaries. If the boundary of a stand identified under paragraph (2) or (3) extends beyond the property ownership boundaries of Oregon and California Railroad Grant lands or O&C Region Public Domain lands, as such property boundaries exist on the date of enactment of this Act, then that stand boundary is deemed adjusted by this subparagraph to coincide with the property ownership boundary.

(B) EFFECT OF DATA ERRORS OR INCONSISTENCIES- Data errors or inconsistencies may result in parcels of land along property ownership boundaries that are unintentionally omitted from the O&C Trust lands that are identified under

paragraph (2) or (3). In order to correct such errors, any parcel of land that satisfies all of the following criteria is hereby deemed to be O&C Trust land:

(i) The parcel is within the ownership boundaries of Oregon and California Railroad Grant lands or O&C Region Public Domain lands on the date of the enactment of this Act.

(ii) The parcel satisfies the description in paragraph (1) on the date of enactment of this Act.

(iii) The parcel is not excluded from the O&C Trust lands pursuant to subsection (c)(2).

(C) NO IMPACT ON LAND EXCHANGE AUTHORITY- Nothing in this subsection is intended to limit the authority of the Trust and the Forest Service to engage in land exchanges between themselves or with owners of non-Federal land as provided elsewhere in this title.

SEC. 312. LEGAL EFFECT OF O&C TRUST AND JUDICIAL REVIEW.

(1) the Board of Trustees shall have all authority to manage the surface estate of the O&C Trust lands and the resources found thereon;

(2) actions on the O&C Trust lands shall be deemed to involve no Federal agency action or Federal discretionary involvement or control and the laws of the State shall apply to the surface estate of the O&C Trust lands in the manner applicable to privately owned timberlands in the State; and

All of the lands transferred to the Forest Service under section 321 shall be considered as part of the tributary area used to calculate pro-rata maintenance expense and road use fees.

(B) All roads and road systems owned or administered by the Forest Service immediately before the date of the enactment of this Act and subsequently included within the boundaries of the O&C Trust lands.

(C) All roads later added to the road system for management of the O&C Trust lands.

(2) LANDS TRANSFERRED TO FOREST SERVICE- The Secretary of Agriculture shall assume the obligations of the Secretary of Interior for pro-rata maintenance expense and road use fees under reciprocal rights-of-way agreements for those Oregon and California Railroad Grant lands or O&C Region Public Domain lands transferred to the Forest Service under section 321.

(3) COMPLIANCE WITH CLEAN WATER ACT- All roads used, constructed, or reconstructed under the jurisdiction of the O&C Trust must comply with requirements of the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.) applicable to private lands through the use of Best Management Practices under the Oregon Forest Practices Act.

(d) Public Access-

(2) RESTRICTIONS- The Board of Trustees may limit or control public access for reasons of public safety or to protect the resources on the O&C Trust lands.

(e) Limitations- The assets of the O&C Trust shall not be subject to the creditors of an O&C Trust county, or otherwise be distributed in an unprotected manner or be subject to anticipation, encumbrance, or expenditure other than for a purpose for which the O&C Trust was created.

(f) Remedy- An O&C Trust county shall have all of the rights and remedies that would normally accrue to a beneficiary of a trust. An O&C Trust county shall provide the Board of Trustees, the Secretary concerned, and the Attorney General with not less than 60 days notice of an intent to sue to enforce the O&C Trust county's rights under the O&C Trust.

(g) Judicial Review-

(1) IN GENERAL- Except as provided in paragraph (2), judicial review of any provision of this title shall be sought in the United States Court of Appeals for the District of Columbia Circuit. Parties seeking judicial review of the validity of any provision of this title must file suit within 90 days after the date of the enactment of this Act and no preliminary injunctive relief or stays pending appeal will be permitted. If multiple cases are filed under this paragraph, the Court shall consolidate the cases. The Court must rule on any action brought under this paragraph within 180 days.

(2) DECISIONS OF BOARD OF TRUSTEES- Decisions made by the Board of Trustees shall be subject to judicial review only in an action brought by an O&C County, except that nothing in

this title precludes bringing a legal claim against the Board of Trustees that could be brought against a private landowner for the same action.

SEC. 313. BOARD OF TRUSTEES.

(a) Appointment Authorization- Subject to the conditions on appointment imposed by this section, the Governor is authorized to appoint the Board of Trustees to administer the O&C Trust and O&C Trust lands. Trustees, in its discretion, determines that such delay until markets improve is financially prudent and in keeping with its fiduciary obligation to the O&C Trust counties.

(c) Stand Rotation-

(1) 100-120 YEAR ROTATION- The Board of Trustees shall manage not less than 50 percent of the harvestable acres of the O&C Trust lands on a 100-120 year rotation. The acreage subject to 100-120 year management shall be geographically dispersed across the O&C Trust lands in a manner that the Board of Trustees, in its discretion, determines will contribute to aquatic and terrestrial ecosystem values.

(2) BALANCE- The balance of the harvestable acreage of the O&C Trust lands shall be managed on any rotation age the Board of Trustees, in its discretion and in compliance with applicable State law, determines will best satisfy its fiduciary obligation to provide revenue to the O&C Trust counties.

Any person who uses unprocessed timber harvested from O&C Trust lands in substitution for exported unprocessed timber originating from private lands shall be disqualified from purchasing timber or other forest products from O&C Trust lands or from Federal lands administered under this subtitle.

(3) UNPROCESSED TIMBER DEFINED- In this subsection, the term 'unprocessed timber' has the meaning given such term in section 493(9) of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620e(9)).

The plan shall optimize the ability of the O&C Trust to re-establish forest stands after harvest in compliance with the Oregon Forest Practices Act and to create diverse early seral stage forests. The plan shall allow for the eradication, containment and suppression of disease, pests, weeds and noxious plants, and invasive species as found on the State Noxious Weed List and prioritize ground application of herbicides and pesticides to the greatest extent practicable. The plan shall be completed before the start of the second year of the transition period. The planning process shall be open to the public and the Board of Trustees shall hold not less than two public hearings on the proposed plan before final adoption.

(g) Access to Lands Transferred to Forest Service- Persons acting on behalf of the O&C Trust shall have a right of timely access over lands transferred to the Forest Service under section 321 and Tribal lands transferred under subtitle D as is reasonably necessary for the Board of Trustees to carry out its management activities with regard to the O&C Trust lands and the O&C Trust to satisfy its fiduciary duties to O&C counties.

(1) IN GENERAL- The O&C Trust lands shall be managed with timber harvesting limited in riparian areas as follows:

(A) STREAMS- For all fish bearing streams and all perennial non-fish-bearing streams, there shall be no removal of timber within a distance equal to the height of one site potential tree on both sides of the stream channel. For intermittent, non-fish-bearing streams, there shall be no removal of timber within a distance equal to one-half the height of a site potential tree on both sides of the stream channel. For purposes of this subparagraph, the stream channel boundaries are the lines of ordinary high water.

(B) LARGER LAKES, PONDS AND RESERVOIRS- For all lakes, ponds, and reservoirs with surface area larger than one quarter of one acre, there shall be no removal of timber within a distance equal to the height of one site potential tree from the line of ordinary high water of the water body.

(C) SMALL PONDS AND NATURAL WETLANDS, SPRINGS AND SEEPS- For all ponds with surface area one quarter acre or less, and for all natural wetlands, springs and seeps, there shall be no removal of timber within the area dominated by riparian vegetation.

(2) MEASUREMENTS- For purposes of paragraph (1), all distances shall be measured along slopes, and all site potential tree heights shall be average height at maturity of the dominant species of conifer determined at a scale no finer than the applicable fifth field watershed.

(3) RULES OF CONSTRUCTION- Nothing in paragraph (1) shall be construed--

(A) to prohibit the falling or placement of timber into streams to create large woody debris for the benefit of aquatic ecosystems; or

(B) to prohibit the falling of trees within riparian areas as may be reasonably necessary for safety or operational reasons in areas adjacent to the riparian areas, or for road construction or maintenance pursuant to section 312(c)(3).

(j) Fire Protection and Emergency Response-

(1) RECIPROCAL FIRE PROTECTION AGREEMENTS-

(A) CONTINUATION OF AGREEMENTS- Subject to subparagraphs (B), (C), and (D), any reciprocal fire protection agreement between the State or any other entity and the Secretary concerned with regard to Oregon and California Railroad Grant lands and O&C Region Public Domain lands in effect on the date of the enactment of this Act shall remain in place for a period of ten years after such date unless earlier terminated by the State or other entity.

(C) EFFECT OF EXPIRATION OF PERIOD- Following the expiration of the ten-year period under subparagraph (A), the Board of Trustees shall continue to provide for fire protection of the Oregon and California Railroad Grant lands and O&C Region Public Domain lands, including those transferred to the Forest Service under section 331, through continuation of the reciprocal fire protection agreements, new cooperative agreements, or by any means otherwise permitted by law. The means selected shall be based on the review by the Board of Trustees of whether the reciprocal fire protection agreements were effective in protecting the lands from fire.

(D) EMERGENCY RESPONSE- Nothing in this paragraph shall prevent the Secretary of Agriculture from an emergency response to a fire on the O&C Trust lands or lands transferred to the Forest Service under section 321.

(2) EMERGENCY RESPONSE TO FIRE- Subject to paragraph (1), if the Secretary of Agriculture determines that fire on any of the lands transferred under section 321 is burning uncontrolled or the Secretary, the Board of Trustees, or contracted party does not have readily and immediately available personnel and equipment to control or extinguish the fire, the Secretary, or any forest protective association or agency under contract or agreement with the Secretary or the Board of Trustees for the protection of forestland against fire, shall summarily and aggressively abate the nuisance thus controlling and extinguishing the fire.

(k) Northern Spotted Owl- So long as the O&C Trust maintains the 100-120 year rotation on 50 percent of the harvestable acres required in subsection (c), the section 321 lands representing the best quality habitat for the owl are transferred to the Forest Service, and the O&C Trust protects currently occupied northern spotted owl nest sites consistent with the forest practices in the Oregon Forest Practices Act, management of the O&C Trust land by the Board of Trustees shall be considered to comply with section 9 of Public Law 93-205 (16 U.S.C. 1538) for the northern spotted owl. A currently occupied northern spotted owl nest site shall be considered abandoned if there are no northern spotted owl responses following three consecutive years of surveys using the Protocol for Surveying Management Activities that May Impact Northern Spotted Owls dated February 2, 2013.

(a) Annual Distribution of Revenues-

(1) TIME FOR DISTRIBUTION; USE- Payments to each O&C Trust county shall be made available to the general fund of the O&C Trust county as soon as practicable following the end of each fiscal year, to be used as are other unrestricted county funds.

(2) AMOUNT- The amount paid to an O&C Trust county in relation to the total distributed to all O&C Trust counties for a fiscal year shall be based on the proportion that the total

assessed value of the Oregon and California Railroad Grant lands in each of the O&C Trust counties for fiscal year 1915 bears to the total assessed value of all of the Oregon and California Railroad Grant lands in the State for that same fiscal year. However, for the purposes of this subsection the portion of the revested Oregon and California Railroad Grant lands in each of the O&C Trust counties that was not assessed for fiscal year 1915 shall be deemed to have been assessed at the average assessed value of the Oregon and California Railroad Grant lands in the county.

(3) LIMITATION- After the fifth payment made under this subsection, the payment to an O&C Trust county for a fiscal year shall not exceed 110 percent of the previous year's payment to the O&C Trust county, adjusted for inflation based on the consumer price index applicable to the geographic area in which the O&C Trust counties are located.

(b) Reserve Fund-

(1) ESTABLISHMENT OF RESERVE FUND- The Board of Trustees shall generate and maintain a reserve fund.

(2) DEPOSITS TO RESERVE FUND- Within 10 years after creation of the O&C Trust or as soon thereafter as is practicable, the Board of Trustees shall establish and seek to maintain an annual balance of \$125,000,000 in the Reserve Fund, to be derived from revenues generated from management activities involving O&C Trust lands. All annual revenues generated in excess of operating costs and payments to O&C Trust counties required by subsection (a) and payments into the Conservation Fund as provided in subsection (c) shall be deposited in the Reserve Fund.

(3) EXPENDITURES FROM RESERVE FUND- The Board of Trustees shall use amounts in the Reserve Fund only--

(A) to pay management and administrative expenses or capital improvement costs on O&C Trust lands; and

(B) to make payments to O&C Trust counties when payments to the counties under subsection (a) are projected to be 90 percent or less of the previous year's payments.

(c) O&C Trust Conservation Fund-
